## EXPERIENCE

### BrainSpark Ideas Pvt. Ltd.

Software Developer Intern

Oct 2023 - Mar 2024

- Designed and implemented feature enhancements across web and mobile platforms, improving system functionality and usability
- Resolved backend and API issues in legacy systems, improving application stability and response reliability
- Built and optimized server-side components using PHP, Laravel, and MySQL for improved performance and maintainability
- Actively participated in code reviews and testing workflows to ensure maintainable and production-ready releases
- Improved application stability and reduced API errors during the debugging of legacy systems
- Converted business requirements into scalable technical solutions

## SKILLS

- **Backend:** PHP, Laravel, Node.js, Java
- **Database:** MySQL, MongoDB
- **Frontend & Tools:** JavaScript, HTML, CSS, Bootstrap
- **Developer Tools:** Git, Linux, REST APIs, Apache (LAMP)

## PERSONAL PROJECTS

### Cricket Scorecard Web App | PHP, MySQL, JavaScript [↗](#)

- Developed a full-stack cricket scoring engine simulating real-world IPL match scenarios with dynamic rule handling
- Implemented IPL rule logic, including DLS, Super Overs, and NRR (3-decimal precision)
- Validated match outcomes against IPL 2025 and 2026 standings across all test scenarios
- Configured CI/CD pipeline using GitHub Actions for automated PHP validation and deployment to Hostinger via FTP

### StalkStock | PHP, MySQL, cURL [↗](#)

- Developed a price-tracking web app with 24/7 automated scraping and scheduled cron jobs
- Enabled alerts via email with cron-based background jobs
- Implemented Google OAuth, Role-based Access Control, CAPTCHA, password recovery, and secure authentication flows

### Additional Projects

- **Laravel Contact Manager** (Live on Portfolio) - Multi-user CRUD application using Laravel Breeze with authentication, soft deletes, database constraints, and deployment on shared hosting
- **Data Visualization Dashboard** - Interactive dashboard using Chart.js to analyze and filter 1000+ MongoDB records with interactive filtering and aggregation

## EDUCATION

### Post Graduation Diploma in Advanced Computing

Centre for Development of Advanced Computing, Bengaluru

Sep 2022 - Mar 2023

### Bachelor of Engineering

University of Mumbai

2014 - 2018
